14. An example of data is:

| a- The average rainfall ir | ו Amman for 1 | 995. | b- The names of children in I | rbid in 1950. |
|----------------------------|----------------------------|-----------------------|---------------------------------|----------------------|
| c- Mean of your credit c | ard balance fo | r the past 3 years. | | |
| d- The percentage of bro | | | e- All the above. | |
| Answer: e | | · | | |
| 15. Control Unit (CU) is | the: | | | |
| a- Main unit of the com | outer and som [,] | etimes it called the | brain of the computer. | |
| b- Unit that coordinates | | | | |
| c- Main memory of any | | | | |
| d- Unit that is responsib | | | er calculations. | |
| Answer: b | · | | | |
| 16. The desktop is: | | | | |
| a- A folder. | b-A file. | c-A window | <i>i</i> . d-An example of har | dware device. |
| Answer: a | | | | |
| 17. When you select MS | S-Prompt from | ı program on start | menu: | |
| a- You will move to DOS | window. | b-You | ı will close your computer. | |
| c-You will close DOS win | dow. | | ne of the above. | |
| Answer: a | | | | |
| 18. The shutdown icon | on start menu | means: | | |
| a- Close all windows. | b-Close the | current window. | c-Close your computer. | d- none of the above |
| Answer: c | | | | |
| | d icon from st | art menu and type | S*S.doc , this means that : | |
| a- The computer will find | | | - | |
| | | | ters and extension is doc. | |
| c- The computer will find | d all files that ł | nave first and last l | etter is S and extension is doc | |
| d- None of the above. | | | | |
| Answer: c | | | | |
| 20. The easiest way to r | nove a file from | m one folder to ar | other is to: | -1 |
| a- Use copy and paste. | | b-Use cut and copy | | IP1 |

c-Use drag and drop. d-Use cut and drop.

<mark>Answer: c</mark>

| 21. To open a minimized window you can click on the: | | | | | |
|--|---|--|--|--|--|
| a- Window's button on the body of taskbar | b-Maximized button on the title bar. | | | | |
| c-Restore button on the title bar. | d-All the above. | | | | |
| Answer: d | | | | | |
| 22. You can slow or fast the movement of the m | ouse from: | | | | |
| a- Mouse icon on control panel. | b-System icon on control panel. | | | | |
| c-Add/remove program icon on control panel. | d-None of the above. | | | | |
| Answer: a | | | | | |
| 23. To lunch an application in windows, you can | on its icon. | | | | |
| a- Click b-Drag. c-Double click. | d-None of the above. | | | | |
| Answer: c | | | | | |
| 24. The ADD new hardware panel is used to: | | | | | |
| a- Add new hardware to your computer. | b- Delete some hardware from your computer. | | | | |
| c- Stop the work of some hardware. | d- None of the above. | | | | |
| Answer: a | | | | | |
| 25. We can copy, paste, move and rename files a | and folders by using: | | | | |
| a- Windows explorer. b-My computer. | c- a+b. d-none of the above | | | | |
| Answer: a | | | | | |
| 26. When you select find icon from start menu a | nd type ???.txt , this means that : | | | | |
| a- The computer will find all files that have exten | sion txt only. | | | | |
| b- The computer will find all files that have only t | hree letters with all extension. | | | | |
| c- The computer will find all files that have three | letter and extension txt only. | | | | |
| d- None of the above. | | | | | |
| Answer: d | | | | | |
| 27. To open a minimized window, you can click on: | | | | | |
| a- Window's button on the body of the taskbar. | b- Maximized button on the title bar. | | | | |
| c- Restore bar on the title bar. | d- All the above. | | | | |
| Answer: c | • 1 | | | | |
| 28. The number of bites in a byte is: | | | | | |
| a-4 b-8 c-16 d-32 | | | | | |
| Answer: b | | | | | |
| | | | | | |
| | | | | | |

29. You can change the background of the desktop from:

- a- Task bar properties. b- Add/Remove program on control panel.
- c- Display properties.
- d- None of the above.

<mark>Answer: c</mark>

30. Screen saver enables you to:

- a-Save the power dissipated by computer when you leave it operates alone.
- b- Protect your computer from accessing by other users when you make password enabled.
- c- Display another picture for your screen after specified time.
- d- All the above.

<mark>Answer: d</mark>

31. In MS-excel the formula bar is used to:

- a- Show the current cell that is ready to accept data.
- b- Show the name of the file that is open.
- c- Show the address of the selected cell.
- d- Show the mathematical function, logical function or data of the selected cell.

<mark>Answer: d</mark>

32. You can change the icon of any shortcut on desktop by:

- a- Right click on the icon and select properties.
- b- Right click on the icon and select create short cut.
- c- Triple click of the mouse on the icon.
- d- None of the above.

Answer: a

33. Which of the following is correct about the INFORMATION:

- a- Must be available at the right time and useful.
- b- Should be available within one minute.
- c- Should have a good accuracy.

d- a+c.

<mark>answer: d</mark>

34. The operating system is a computer program which has many functions, one of these functions is:

- a- Can link it-self to other programs.
- b- Can store huge amount of data.
- c- Managing computer files. d- Used to store user programs and data.

| 36. What is the command that lists all the files in the directories and subdirectories with their information? a-dir*.*/p b-dir*.*/w c-dir*.*/s d-dir*.*/oe Answer: a 37. The abbreviation of www, which is used in the internet represent: a-World wide web. b-Wide world web. c-Web wide world. d-Web worldwide. Answer: a 38. The ftp stands for: a-File transfer program. b-File transfer protocol. c-File text program. d-file text protocol. Answer: b 39. The most popular net browsers are: a-The Netscape and ftp. b- Internet explorer and ftp. c-Netscape and Internet explorer. d-Internet explorer and the e-mail. Answer: c 40. Using the internet you may: a-Send and receive e-mail message. b- Transfer data and files to and from computers around the world. c-Share point of view on specific subject with other online groups. d- All the above. Answer: d 41. E-mail message consist of: a- Body only. c- Signature (footer) only d- None of the above Answer: d 42. A machine with 32M of RAM has a capacity of how many bytes? a- 33554432 b-32768 c-3200 d-32000000 < | | | | | | |
|---|------------------------|---------------------|----------------------|--------------------------|------------------|------------------------|
| Answer: a 36. What is the command that lists all the files in the directories and subdirectories with their information? a-dir*.*/p b-dir*.*/w c-dir*.*/s d-dir*.*/s | 35. What is th | e command that I | ists all the files t | hat have a second lett | er as b without | extension? |
| 36. What is the command that lists all the files in the directories and subdirectories with their information? a. dir*.*/p b. dir*.*/w c. dir*.*/s d. dir*.*/oe Answer: a 37. The abbreviation of www, which is used in the internet represent: a. a. World wide web. b. Wide world web. c. Web wide world. d. Web worldwide. Answer: a 38. The ftp stands for: a. a. a. File transfer program. b. File transfer protocol. c. File text program. d. file text protocol. Answer: a 39. The most popular net browsers are: a. a. a. a. a. The Netscape and ftp. b. Internet explorer an ftp. c. c. Netscape and ftp. a. a. Send and receive e-mail message. b. Transfer data and files to and from computers around the world. c. All the above. Answer: a 41. E-mail message consist of: a. a. All the above. Answer: a 42. A machine with 32M of RAM has a capacity of how many bytes? a. 3.3000000 Answer: a 43. How many bytes are required to store the word SUMIMER in computer memory? a. a. a. a. a.7 b.6 c.8 < | a- dir ?b*.* | b-dir b? . | c-dir ?b*. | d-dir?b.? | | |
| a-dir*.*/p b-dir*.*/w c-dir*.*/s d-dir*.*/oe Answer: a 37. The abbreviation of www, which is used in the internet represent: a World wide web. b-Wide world web. c-Web wide world. d-Web worldwide. Answer: a 38. The flp stands for: a File transfer program. b-File transfer protocol. c-File text program. d-file text protocol. Answer: b 39. The most popular net browsers are: a The Netscape and ftp. b-Internet explorer an ftp. c-Netscape and Internet explorer. d-Internet explorer and the e-mail. Answer: c 40. Using the internet you may: a Send and receive e-mail message. b-Transfer data and files to and from computers around the world. c-Share point of view on specific subject with other online groups. d-All the above. Answer: d 41. E-mail message consist of: a Header, body and signature (footer). b-Body only. c-Signature (footer) only d-None of the above Answer: d 42. A machine with 32M of RAM has a capacity of how many bytes? a - 33554432 b-32768 c-3200 d-32000000 Answer: d 43. How many bytes are required to store the word SUMMER in computer memory? a - 7 b-6 c-8 d-48 Answer: b 44. The memory RAM of a personal computer is part of the system's: | <mark>Answer: a</mark> | | | | | |
| Answer: a 37. The abbreviation of www, which is used in the internet represent: a-World wide web. b-Wide world web. c-Web wide world. d-Web worldwide. Answer: a 38. The ftp stands for: a-File transfer program. b-File transfer protocol. c-File text program. d-file text protocol. Answer: b 39. The most popular net browsers are: a-The Netscape and ftp. b-Internet explorer an ftp. c-Netscape and Internet explorer. d-Internet explorer and the e-mail. Answer: c 40. Using the internet you may: a-Send and receive e-mail message. b-Transfer data and files to and from computers around the world. c-Share point of view on specific subject with other online groups. d-All the above. Answer: a 41. E-mail message consist of: a-Header, body and signature (footer). b-Body only. c-Signature (footer) only d-None of the above Answer: a 42. A machine with 32M of RAM has a capacity of how many bytes? a-33554432 b-32768 c-3200 d-3200000 Answer: d 43. How many bytes are required to store the word SUMMER in computer memory? a-7 b-6 c-8 d-48 Answer: b 44. The memory RAM of a personal computer is part of the system's: | 36. What is th | e command that I | ists all the files i | n the directories and s | ubdirectories w | ith their information? |
| 37. The abbreviation of www, which is used in the internet represent: a. World wide web. b-Wide world web. a. World wide web. b-Wide world web. c. Web wide world. d-Web worldwide. Answer: a 38. The ftp stands for: a. File transfer program. b-File transfer protocol. c. Pile text program. b-File transfer protocol. a. The Netscape and ftp. b-Internet explorer an ftp. c. Netscape and Internet explorer. d-Internet explorer and the e-mail. Answer: c 40. Using the internet you may: a. Send and receive e-mail message. b-Transfer data and files to and from computers around the world. c. Share point of view on specific subject with other online groups. d- All the above. Answer: d 41. E-mail message consist of: a. Header, body and signature (footer). b- Body only. c. Signature (footer) only d- None of the above. Answer: d 42. A machine with 32M of RAM has a capacity of how many bytes? a. 33554432 b-32768 c. 3200 d. Haw many bytes are required to store the word SUMMER in computer memory? a. 7 b-6 c. 3 d. How monry RAM of a personal computer is part of the system's: | a-dir*.*/p | b-dir*.*/w | c-dir*.*/s | d-dir*.*/oe | | |
| a World wide web. b-Wide world web. c-Web wide world. d-Web worldwide. Answer: a 36. The ftp stands for: a File transfer program. b File transfer protocol. c - File text program. d file text protocol. Answer: b 39. The most popular net browsers are: a - The Netscape and ftp. b - Internet explorer and ftp. c - Netscape and Internet explorer. d - Internet explorer and the e-mail. Answer: c 40. Using the internet you may: a - Send and receive e-mail message. b - Transfer data and files to and from computers around the world. c - Share point of view on specific subject with other online groups. d - All the above. Answer: d 41. E-mail message consist of: a - Header, body and signature (footer). b - Body only. c - Signature (footer) only d - None of the above Answer: a 42. A machine with 32M of RAM has a capacity of how many bytes? a - 33554432 b - 32768 c - 3200 d - 32000000 Answer: d 43. How many bytes are required to store the word SUMINEER in computer memory? a - 7 b - 6 c - 8 d - 48 Answer: b 44. The memory RAM of a personal computer is part of the system's: | <mark>Answer: a</mark> | | | | | |
| Answer: a 33. The ftp stands for: a. File transfer program. b- File transfer protocol. c- File text program. d- file text protocol. Answer: b 39. The most popular net browsers are: a - The Netscape and ftp. b- Internet explorer and ftp. c- Netscape and Internet explorer. d- Internet explorer and the e-mail. Answer: c 40. Using the internet you may: a - Send and receive e-mail message. b- Transfer data and files to and from computers around the world. c- Share point of view on specific subject with other online groups. d- All the above. Answer: d 41. E-mail message consist of: a - Header, body and signature (footer). b- Body only. c- Signature (footer) only d- None of the above Answer: a 42. A machine with 32M of RAM has a capacity of how many bytes? a - 33554432 b-32768 c-3200 d-3200000 Answer: d 43. How many bytes are required to store the word SUMMER in computer memory? a - 7 b- 6 c- 8 d-48 Answer: b 44. The memory RAM of a personal computer is part of the system's: | 37. The abbre | viation of www, w | vhich is used in t | he internet represent: | | |
| 38. The ftp stands for: a - File transfer program. b - File transfer protocol. c - File text program. d - file text protocol. Answer: b 39. The most popular net browsers are: a - The Netscape and ftp. b - Internet explorer and ftp. c - Netscape and Internet explorer. d - Internet explorer and the e-mail. Answer: c 40. Using the internet you may: a - Send and receive e-mail message. b - Transfer data and files to and from computers around the world. c - Share point of view on specific subject with other online groups. d - All the above. Answer: d 41. E-mail message consist of: a - Header, body and signature (footer). b - Body only. c - Signature (footer) only d - None of the above Answer: a 42. A machine with 32M of RAM has a capacity of how many bytes? a - 33554432 b -32768 c -3200 d -32000000 Answer: d 43. How many bytes are required to store the word SUMMER in computer memory? a - 7 b - 6 c - 8 d - 48 Answer: b 44. The memory RAM of a personal computer is part of the system's: | a- World wide | web. b-Wid | de world web. | c-Web wide world. | d-Web world | wide. |
| a - File transfer program. b - File transfer protocol. c - File text program. d - file text protocol. Answer: b 39. The most popular net browsers are: a - The Netscape and ftp. b - Internet explorer an ftp. c - Netscape and Internet explorer. d - Internet explorer and the e-mail. Answer: c 40. Using the internet you may: a - Send and receive e-mail message. b - Transfer data and files to and from computers around the world. c - Share point of view on specific subject with other online groups. d - All the above. Answer: d 41. E-mail message consist of: a - Header, body and signature (footer). b - Body only. c - Signature (footer) only d - None of the above Answer: a 42. A machine with 32M of RAM has a capacity of how many bytes? a - 33554432 b - 32768 c - 3200 d - 32000000 Answer: d 43. How many bytes are required to store the word SUMMER in computer memory? a - 7 b - 6 a - 7 b - 6 b - 6 c - 8 d - 48 | <mark>Answer: a</mark> | | | | | |
| Answer: b 39. The most popular net browsers are: a - The Netscape and ftp. b - Internet explorer an ftp. c. Netscape and Internet explorer. d - Internet explorer and the e-mail. Answer: c 40. Using the internet you may: a - Send and receive e-mail message. b - Transfer data and files to and from computers around the world. c - Share point of view on specific subject with other online groups. d - All the above. Answer: d 41. E-mail message consist of: a - Header, body and signature (footer). b - Body only. c - Signature (footer) only d - None of the above Answer: a 42. A machine with 32M of RAM has a capacity of how many bytes? a - 33554432 b -32768 c -3200 d -32000000 Answer: d 43. How many bytes are required to store the word SUMIMER in computer memory? a - 7 b - 6 c - 8 d - 48 Answer: b 44. The memory RAM of a personal computer is part of the system's: | 38. The ftp sta | inds for: | | | | |
| 39. The most popular net browsers are: a The Netscape and ftp. b- Internet explorer an ftp. c- Netscape and Internet explorer. d- Internet explorer and the e-mail. Answer: c 40. Using the internet you may: a - Send and receive e-mail message. b- Transfer data and files to and from computers around the world. c- Share point of view on specific subject with other online groups. d- All the above. Answer: d 41. E-mail message consist of: a - Header, body and signature (footer). b- Body only. c- Signature (footer) only d- None of the above Answer: a 42. A machine with 32M of RAM has a capacity of how many bytes? a - 33554432 b-32768 c-3200 d-3200000 Answer: c 43. How many bytes are required to store the word SUMMER in computer memory? a - 7 b-6 c-8 d-48 Answer: b 44. The memory RAM of a personal computer is part of the system's: | a- File transfer | program. b- | File transfer prot | cocol. c- File te | xt program. | d- file text protocol. |
| a- The Netscape and ftp. b- Internet explorer an ftp. c- Netscape and Internet explorer. d- Internet explorer and the e-mail. Answer: c 40. Using the internet you may: a- Send and receive e-mail message. b- Transfer data and files to and from computers around the world. c- Share point of view on specific subject with other online groups. d- All the above. Answer: d 41. E-mail message consist of: a- Header, body and signature (footer). b- Body only. c- Signature (footer) only d- None of the above Answer: a 42. A machine with 32M of RAM has a capacity of how many bytes? a- 33554432 b-32768 c-3200 d-32000000 Answer: d 43. How many bytes are required to store the word SUMMER in computer memory? a-7 b-6 c-8 d-48 Answer: b 44. The memory RAM of a personal computer is part of the system's: | <mark>Answer: b</mark> | | | | | |
| c - Netscape and Internet explorer. d - Internet explorer and the e-mail. Answer: c 40. Using the internet you may: a - Send and receive e-mail message. b - Transfer data and files to and from computers around the world. c - Share point of view on specific subject with other online groups. d - All the above. Answer: d 41. E-mail message consist of: a - Header, body and signature (footer). b - Body only. c - Signature (footer) only d - None of the above Answer: a 42. A machine with 32M of RAM has a capacity of how many bytes? a - 33554432 b - 32768 c - 3200 d - 3200000 Answer: d 43. How many bytes are required to store the word SUMMER in computer memory? a - 7 b - 6 c - 8 d - 48 Answer: b 44. The memory RAM of a personal computer is part of the system's: | 39. The most p | oopular net brows | sers are: | | | |
| Answer: c 40. Using the internet you may: a - Send and receive e-mail message. b- Transfer data and files to and from computers around the world. c - Share point of view on specific subject with other online groups. d - All the above. Answer: d 41. E-mail message consist of: a - Header, body and signature (footer). b - Body only. c - Signature (footer) only d - None of the above Answer: a 42. A machine with 32M of RAM has a capacity of how many bytes? a - 33554432 b -32768 c -3200 d -32000000 Answer: d 43. How many bytes are required to store the word SUMMER in computer memory? a - 7 b - 6 c - 8 d - 48 Answer: b 44. The memory RAM of a personal computer is part of the system's: | a- The Netscap | be and ftp. | b | - Internet explorer an f | tp. | |
| 40. Using the internet you may: a - Send and receive e-mail message. b - Transfer data and files to and from computers around the world. c - Share point of view on specific subject with other online groups. d - All the above. Answer: d 41. E-mail message consist of: a - Header, body and signature (footer). b - Body only. c - Signature (footer) only d - None of the above Answer: a 42. A machine with 32M of RAM has a capacity of how many bytes? a - 33554432 b -32768 c -3200 d -32000000 Answer: d 43. How many bytes are required to store the word SUMMER in computer memory? a - 7 b - 6 c - 8 d - 48 Answer: b 44. The memory RAM of a personal computer is part of the system's: | c- Netscape ar | nd Internet explore | er. d | - Internet explorer and | l the e-mail. | |
| a- Send and receive e-mail message. b- Transfer data and files to and from computers around the world. c- Share point of view on specific subject with other online groups. d- All the above. Answer: d 41. E-mail message consist of: a- Header, body and signature (footer). b- Body only. c- Signature (footer) only d- None of the above Answer: a 42. A machine with 32M of RAM has a capacity of how many bytes? a- 33554432 b-32768 c-3200 d-32000000 Answer: d 43. How many bytes are required to store the word SUMMER in computer memory? a- 7 b-6 c-8 d-48 Answer: b 44. The memory RAM of a personal computer is part of the system's: | <mark>Answer: c</mark> | | | | | |
| c- Share point of view on specific subject with other online groups. d- All the above. Answer: d 41. E-mail message consist of: a - Header, body and signature (footer). b- Body only. c- Signature (footer) only d- None of the above Answer: a 42. A machine with 32M of RAM has a capacity of how many bytes? a - 33554432 b-32768 c-3200 d-32000000 Answer: d 43. How many bytes are required to store the word SUMMER in computer memory? a - 7 b-6 c-8 d-48 Answer: b 44. The memory RAM of a personal computer is part of the system's: | 40. Using the i | internet you may: | | | | |
| Answer: d 41. E-mail message consist of: a - Header, body and signature (footer). b- Body only. c- Signature (footer) only d- None of the above Answer: a 42. A machine with 32M of RAM has a capacity of how many bytes? a - 33554432 b-32768 c-3200 d-3200000 Answer: d 43. How many bytes are required to store the word SUMMER in computer memory? a - 7 b-6 c-8 d-48 Answer: b 44. The memory RAM of a personal computer is part of the system's: | a- Send and re | ceive e-mail mess | age. b- Trans | fer data and files to an | d from compute | rs around the world. |
| 41. E-mail message consist of: a - Header, body and signature (footer). b - Body only. c - Signature (footer) only d - None of the above Answer: a 42. A machine with 32M of RAM has a capacity of how many bytes? a - 33554432 b - 32768 c - 3200 d - 32000000 Answer: d 43. How many bytes are required to store the word SUMMER in computer memory? a - 7 b - 6 c - 8 d - 48 Answer: b 44. The memory RAM of a personal computer is part of the system's: U U | c- Share point | of view on specifi | c subject with otl | ner online groups. | d- All the a | above. |
| a- Header, body and signature (footer). b- Body only. c- Signature (footer) only d- None of the above Answer: a 42. A machine with 32M of RAM has a capacity of how many bytes? a- 33554432 b-32768 c-3200 d-32000000 Answer: d 43. How many bytes are required to store the word SUMMER in computer memory? a- 7 b-6 c-8 d-48 Answer: b 44. The memory RAM of a personal computer is part of the system's: | <mark>Answer: d</mark> | | | | | |
| Answer: a 42. A machine with 32M of RAM has a capacity of how many bytes? a- 33554432 b-32768 c-3200 d-32000000 Answer: d 43. How many bytes are required to store the word SUMMER in computer memory? a- 7 b-6 c-8 d-48 Answer: b 44. The memory RAM of a personal computer is part of the system's: | 41. E-mail mes | ssage consist of: | | | | |
| 42. A machine with 32M of RAM has a capacity of how many bytes? a- 33554432 b-32768 c-3200 d-32000000 Answer: d 43. How many bytes are required to store the word SUMMER in computer memory? a- 7 b-6 c-8 d-48 Answer: b 44. The memory RAM of a personal computer is part of the system's: | a- Header, boo | dy and signature (f | ooter). b- E | ody only. c- Signatu | re (footer) only | d- None of the above |
| a- 33554432 b-32768 c-3200 d-32000000 Answer: d 43. How many bytes are required to store the word SUMMER in computer memory? a- 7 b-6 c-8 d-48 Answer: b 44. The memory RAM of a personal computer is part of the system's: | <mark>Answer: a</mark> | | | | | |
| Answer: d 43. How many bytes are required to store the word SUMMER in computer memory? a- 7 b-6 c-8 d-48 Answer: b 44. The memory RAM of a personal computer is part of the system's: | 42. A machine | with 32M of RAN | /I has a capacity | of how many bytes? | | |
| 43. How many bytes are required to store the word SUMMER in computer memory? a-7 b-6 c-8 d-48 Answer: b 44. The memory RAM of a personal computer is part of the system's: | a- 33554432 | b-32768 | c-3200 | d-32000000 | | |
| a- 7 b-6 c-8 d-48 Answer: b 44. The memory RAM of a personal computer is part of the system's: | <mark>Answer: d</mark> | | | | | |
| Answer: b 44. The memory RAM of a personal computer is part of the system's: | 43. How many | v bytes are require | ed to store the w | ord SUMMER in comp | uter memory? | |
| 44. The memory RAM of a personal computer is part of the system's: | a-7 b- | 6 c-8 | d-48 | | | - 1 |
| | <mark>Answer: b</mark> | | | | | |
| a- Hardware. b-Software. c-Operating system. | 44. The memo | ory RAM of a perso | onal computer is | part of the system's: | | |
| | a- Hardware. | b-Software | . c-Operat | ing system. | | |
| | | | | | - | |

Answer: a
