Infinitives /Gerunds:

- ✓ **Gerunds** and **infinitives** can replace a *noun* in a sentence.
- Gerund = the present participle (-ing) form of the verb, e.g., singing, dancing, running.
- Infinitive = to + the base form of the verb, e.g., to sing, to dance, to run.

<mark>Gerunds</mark>	Infinitives	
Gerunds can be used after certain verbs including enjoy, fancy, discuss, dislike, finish, mind, suggest, recommend, keep, and avoid.	Infinitives can be used after certain verbs including agree, ask, decide, help, plan, hope, learn, want, would like, and promise.	
1) After prepositions of place and time.	1) After many <i>adjectives</i> :	
I made dinner before getting home.	It is hard to make dinner this late.	
He looked unhappy after seeing his work schedule.	 I find it difficult <i>to describe</i> my feelings about writing research essays. 2) To show <i>purpose</i>: 	
2) To replace the subject or object of a sentence		
Lachlan likes eat ing coconut oil.	I left for Russia <i>to study</i> Russian.	
Jump ing off a cliff is dangerous, but a real thrill.	I came to the office <i>to solve</i> the mystery of the missing keys.	

* Relative clauses:

✓ The relative pronouns are:

Subject: Who, which, that Object: who/whom ,which, that Possessive: whose

✓ We use:

who and whom for people

Ex:

I met the doctor.

The doctor helped my father after the accident.

I met the doctor **who** helped my father.

which for things

E Ex:

I I have a **new computer**

The new computer is fast

I have a new computer **which** is fast.

That for **people or things**.

Ex:

I. I met the doctor **That** helped father.

I have a new computers **That** is fast.

✓ We use relative pronouns to introduce relative clauses.

There are two kinds of relative clause:

 We use relative clauses to make clear which person or thing we are talking about:

Marie Curie is the woman **who** discovered radium. This is the house which Jack built.

In this kind of relative clause, **we can use that** instead of who or which.

2. We also use relative clauses to **give more information** about a person, thing or situation:

Lord Thompson, **who is 76**, has just retired.

We had fish and chips, which I always enjoy.

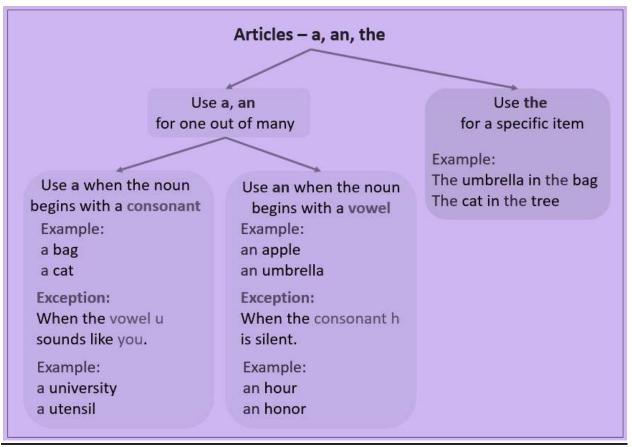

I met Rebecca in town yesterday, which was a nice surprise.

With this kind of relative clause, we use commas (,) to separate it from the rest of the sentence.

* Modals and their Semantic functions:

- **Can:** permission, ability, possibility.
- **Could:** ability in the past, polite permission, possibility.
- **May:** probability, permission.
- **Might:** polite permission, possibility
- Must/have to: obligation, certainty.
- Ought to/ should: advice
- Will/ would: future auxiliary, invitations.

	PRESENT	PAST	FUTURE
S I M E E	 To express habits or general truths. To indicate a future event on a designated date as part of a plan or arrangement. With 'mental action' verbs: like, love, want, need, believe, etc. 	 To indicate a past habit – or an action already completed. Can be used with or without adverbs of time. 	 To indicate an action, condition, or circumstances which hasn't taken place yet.
C O N T I N U O U S	 To indicate action going on at the time of speaking. To indicate temporary action which may not be happening at the time of speaking. With a habitual action verb, especially to indicate a stubborn habit. 	• To indicate uncompleted action of the past (with or without time reference). For stories or lists of events, we often use the past simple for the actions in the story and the past continuous for the back	 To indicate what will be going on at some time in the future. To indicate planned future events.
P E F E C T	 To indicate past action which is not defined by a time of occurrence. To indicate an action which started in the past and has continued up until now. 	• To indicate a completed action of the past that happened before another event took place.	 To indicate an action that will be complete before another event takes place.
