

Mid Checklist

SATURDAY, 14. MAR., 9:00 A.M.

ANATOMY

10 Qs

Introduction

Spinal cord 1

Spinal cord 2

Spinal cord 3

Spinal cord lesions

Brain stem 1

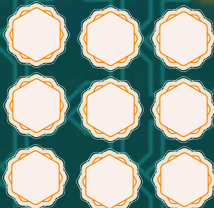

Brainstem 2

Brainstem 3

Brainstem lesions

LABS

3 Qs

Spinal cord lab

(Anatomy)

Brain stem lab

(Anatomy)

Sensory Examination

(Physiology)

BIOCHEMISTRY

2 Qs

visual transduction

Neurotransmitters

BEHAVIOURAL

5 Qs

Intro to psychology

Health psychology
introduction

Individual differences 1
(intelligence)

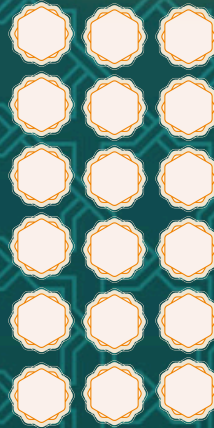

Individual differences 2
(personality)

The sick role and illness
behavior

Placebo Effect in clinical
practice

PATHOLOGY

7 Qs

Stroke and increased
intracranial pressure

Intracranial Hemorrhage

Diseases of Myelin

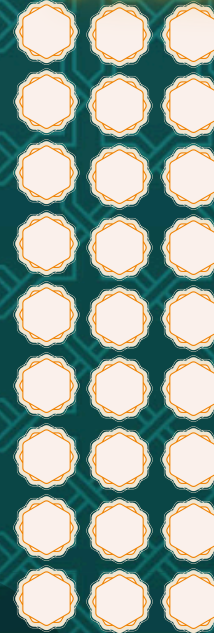

Neurodegenerative
diseases 1

Neurodegenerative
diseases 2

Neurodegenerative
diseases 3

PHYSIOLOGY

10 Qs

Somatic sensation 1

Somatic sensation 2

pain

Olfaction & Gustation

Vision 1

Vision 2

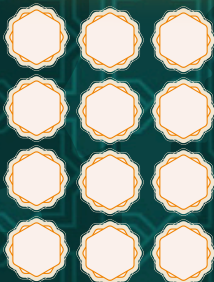

Vision 3

Hearing

Vestibular system

PHARMACOLOGY

4 Qs

Analgesics 1

Analgesics 2

Hypnotics 1

Hypnotics 2

MICROBIOLOGY

2 Qs

PNS infection

Encephalitis &
prion diseases
